Foundation Level (1)

Suitable for those who have and have not painted before. Exercises provided in pencil / charcoal and oil paint each workshop along with a set of notes on various techniques and aspects of the history of art and artists.

Foundation Level (2) - (9)

Are a follow on from Foundation Level (1) with the same format but with new material. Not suitable for those who have never painted before.

T&C : Please ensure if enrolling on any of the above workshops that you can attend each of the 5 weeks as much to my regret no refund or drop in spaces on other workshops can be provided for the workshop session(s) you cannot attend. The reason for this is due (a) to limited size of each workshop and (b) to avoid any disruption to the other attending students.
